RE: Judges order requiring a response

Dear Honorable Judge Joseph,

I received your Order and I am responding as you requested. In a short analysis I may have been premature in filing the case. The reason for this:

1. A day after the case was filed, I was paid by Amato Ford. I was paid in two payments approximately totaling \$696. Although this was not what was guaranteed to me, I will just accept it and move on.
2. At the time of the filing I in no way thought I was filing a frivolous lawsuit. If that is what it appears to the Court I apologize. I in no way have any intention of wasting the court's time.
3. Allow me to give a little background to the Court, in March of 2018 I was hurt while working, I broke my wrist and herniated a couple of discs in my back. I had to undergo four epidural procedures. I was bedridden the entire year of 2018. I tried to make a come back in 2019. I intended to have a food booth at the Delaware State fair. The State Fair did not allow me to operate. This cost me over \$12,000 in losses which I did not have. The Delaware State Fair did pay me \$1800, the money I paid and returned my items. I did not have the money to file the lawsuit.
4. I was getting pressure from the vendors to pay the open invoices, and one would not work along with me and I simply did not have the money. I then was served with a suit in small claims court from Aurora Health Care. I was at the center with chest pain and problems with my Diabetes. With the threats of lawsuits from the vendors and the current filing I was forced to file Bankruptcy.

If the law permits, I would prefer that the case be dismissed at this point with prejudice.

In closing I apologize if it looks as though I had filed a frivolous lawsuit or waste the valuable court's time.

Respectfully,

Thomas C Souran\
